OUR CAREER JOURNEYS

Megan

I have worked at Ragdale Hall Spa for nine years. I had wanted to work here ever since the Ragdale Hall Careers Team visited my High School. I remember looking online and thinking how amazing it would be to work at such a beautiful place.

Whilst studying my NVQ Level 2 in Beauty Therapy, I was lucky enough to be offered work experience. The experience of working in a busy spa was really valuable and the therapists I worked alongside were extremely friendly and supportive. Their passion and knowledge was inspiring, and helped me decide that I definitely wanted to pursue a career working at one of the best spas in the country. The information and feedback following my work experience motivated me to carry on studying towards my Level 3 in Beauty Therapy.

I am now a Senior Gold Therapist at Ragdale Hall and I have completed my Advanced Training Diploma. This is proof of what you can achieve if you continue to learn and develop your skills. For me, the best things about working at Ragdale Hall are: the place, the people and the training opportunities - I love it!

Amy

I started working at Ragdale straight from college nearly seven years ago. I also came on work experience so I was lucky enough to have a taste of Ragdale life and this made me really want to work here.

Whilst at Ragdale, I have learnt many other treatments such as: Medik8, Sea Magik, OPI and specific Clarins and Elemis treatments. My favourite treatment is the Medik8 face and body treatment which is nearly 2 hours of pampering for the guest.

I am now a Senior Gold Therapist on the Elemis Expert Team as well as being part of the Beauty Supervisory team. This position comes with many job incentives, such as helping out at the Elemis events and country club evenings.

I am extremely proud to be a part of the Ragdale Beauty Team. I have met amazing people and I have been given incredible opportunities which have helped me advance my career prospects.
