

INTRODUCTION

As we enter the height of the summer,
nature gestures us outside.

Warmer weather, sunnier spells and brighter skies make being outdoors feel more inviting than ever. Small changes such as taking your movement and meditation outside can help reconnect to nature and find peace in your surroundings.

Summer at Ragdale Hall sees our exercise classes take place outside. You can take part in one of our Mindful Wild Walking workshops, in which you'll be guided around the grounds of the Hall in groups so you can enjoy low-intensity exercise while being immersed in the luscious Leicestershire landscape.

Indulgent full-body salt scrubs and Sea Magik mud wrap treatments help to remove dry skin and replenish the body with essential moisture, leaving skin nourished and glowing.

Our open-air pools provide a peaceful place from which to enjoy the summer sunshine. Spend time lounging beside our heated Outdoor Pool or relax in our Rooftop Infinity Pool overlooking the sweeping countryside that surrounds the grounds of the Hall.

FITNESS CLASSES AND WORKSHOPS

During the summer months we move outside as much as possible, to connect with nature and delight in the sunshine.

JUGGLING

Thursday 17th July at 11.45am, 14th August at 4.15pm and 18th September at 11.45am
Heart Studio | Complimentary

In today's wellbeing arena we are often encouraged to pursue 'mind-body' exercise and clearly juggling satisfies all the criteria being a combination of mental and physical activity. Tapping into an innate and often forgotten quality known as physical intelligence, it can serve to relieve stress, promote balance, agility and co-ordination in addition to enhancing your creativity and problem-solving skills

GLUTE - CAMP

Every Wednesday at 9.45am and Saturday at 8.45am
Outdoors | Complimentary

Training the buttocks is one of this year's hottest fitness trends, but don't be fooled into thinking it's just about aesthetics as it also holds the key to improved posture, enhanced sport performance and reduced risk of injury. Our instructors are often asked what the best exercise is to shape the posterior and the truth is there are many – so we've decided to combine them in one session that takes a unique angle on the concept of bootcamp. It's a challenging below-the-belt workout but being outdoors provides distractions to take your mind off the pain.

WILD WALK

Every Wednesday at 12.00pm and Saturday at 3.00pm
Outdoors | Complimentary

Focusing on walking technique and your natural environment can become a form of meditation in motion. In addition to sunlight providing essential vitamin D, a key ingredient for healthy bones, the great outdoors can re-energise your brain, calm adrenaline levels and create a sense of clarity. (Please wear suitable outdoor footwear for all weather conditions.)
