

INTRODUCTION

The final chapter of the year is an ideal time to retreat inwards, recharge your batteries, and rest the body and mind.

Shorter days, longer nights and cooler weather invite us to slow down and spend more time inside with loved ones. Though our calendars can quickly fill with social events and seasonal tasks, scheduling dedicated downtime will help you to restore inner peace, catch up on overdue rest and end the year on a balanced note.

As you retreat from the cool winter weather into our cosy countryside spa, you'll receive the warmest of welcomes. Our dedicated front of house team will greet you with a welcome drink and complimentary robe so you can decompress before your spa experience begins.

Warming massages ease muscle tension, flowing yoga classes nourish the body through movement, and meditation workshops calm the mind.

Our new Elemis Expert Facial Touch treatment reveals glowing skin just in time for Christmas, while Strictly Ballroom classes offer the perfect fusion of fitness with fun.
